* Key vegetables only, not all vegetables that can be planted at this time are listed.

Sow in seedling boxes for planting out in four to six weeks time.

¹ Best sown in single cell seedling trays as these seedlings don't like their roots being disturbed when transplanted.

^X Prone to cabbage butterfly damage when planted this time of year.

(Parenthesis) Grow in greenhouse or temporary polytunnel.

DOUBLE UNDERLINED Grow in glass/plastic covered seedling box.

RED DOUBLE UNDERLINED Grow in artificially heated seedling hot box.

^E or ^L Only Early or Late in the month.
